-  In keeping with the Boys Section policy of promotion for both Division Two & Three finalists, assignation to divisions may change for next season.
-  Divisional assignation is based on the age group for which the majority of players registered this season are eligible e.g. Minor squad this season of 28 players – next season 16 of 28 players underage for Junior/12 underage for Minor, promotion takes place at Junior level. Where a squad is evenly split e.g. 14 Junior/14 Minor, promotion takes place at both age groups.
-  All of last season's promotions have been reviewed & where appropriate maintained or reversed.
-  **If you disagree with this assignation, representations may be made to the Committee & the decision will be reviewed at our September meeting. Any application for regrading other than indicated must be supported with factual evidence.**
